Languages: Hebrew (Native), English (Full Professional Proficiency)

About Me

Full-Stack Developer and recent Computer Science graduate who continuously learns and develops in free time. Passionate about software development from an early age, with hands-on experience in **React and .NET** through academic, personal, and client projects. I bring a strong work ethic, teamwork, and problem-solving under pressure, and I am now seeking my first role in the industry to grow and contribute.

Skills

Core Stack:

- Frontend: JavaScript, TypeScript, React, React Native, Redux, HTML5, CSS3, TailWindCSS
- Backend: C#, .NET, Node.js, Express.js, Python
- Databases: SQL Server, MongoDB

Cloud & DevOps: AWS, Git, Postman, Docker

Programming Concepts: OOP, Design Patterns, Data Structures & Algorithms

AI & Productivity Tools: HuggingFace, ChatGPT, Copilot, Cursor

Projects

[Invest It](#) – My final project, a social media platform for investors with **AI personalized content** recommendation, **real time messaging chatrooms** and live stock market data using **WebSocket**.

[Bon Appetit](#) – a serverless cloud-native restaurant ordering system with **Google Maps API** integrated.

[Travel Genie](#) – an AI trip planner application with **Gemini integration and MUI design**.

Education

2022-2025: B.Sc. Computer Science at Ruppin Academic Center | **GPA: 89.08**

Certifications earned: [Cloud Practitioner Essentials](#), [Cloud Developing](#), [Microservices and CI/CD Pipeline Builder](#) at AWS Academy.

2024-present: Self studying at Udemy.

Certifications earned: [Node.js, Express, MongoDB & More: The Complete Bootcamp](#).

Work Experience

2025-present: Web Developer | Self Employed

I create styled, accessible and SEO-optimized landing pages, reaching wide audiences.

2019-2023: Shift Manager

Built strong team relations, managed a team of +10 people in a high-pressure environment.

Military Service

2016-2018: Completed full service with excellence at the IDF.
